World Maths Day is all over! Congratulations on a new World Record!

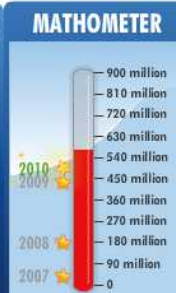

- 1,133,246 students and 56,082 schools from 235 countries have united to set a new world record by correctly answering 479,732,613 questions.
- The Hall of Fame below includes all the validated Medallists.
- 2011 will be even bigger with World Maths Day becoming part of the **The World Education Games**. Everyone is invited to unite the world in learning!
